RESOLUTION NO. 21-261

**BOARD OF COUNTY COMMISSIONERS
COUNTY OF EL PASO, STATE OF COLORADO**

**RESOLUTION TO APPROVE THE SERVICE PLAN FOR THE CLOVERLEAF
METROPOLITAN DISTRICT (ID-20-004)**

WHEREAS, PT Cloverleaf, LLC, did file an application with the Planning and Community Development Department of El Paso County, pursuant to Section 32-1-204 (2), C.R.S., for the review of a draft service plan for Cloverleaf Metropolitan District; and

WHEREAS, a public hearing was held by the El Paso County Planning Commission on May 20, 2021, upon which date the Planning Commission did by formal resolution recommend approval of the subject Service Plan with conditions and a notation(s); and

WHEREAS, on June 15, 2021, the Board ordered a public hearing to be held on the Service Plan; and

WHEREAS, notice of the hearing before the Board was duly published in *The El Paso County Advertiser and News* on June 16, 2021 as required by law; and

WHEREAS, notice of the hearing before the Board was duly mailed by first class mail, to interested persons, defined as: The owners of record of all property within the proposed Title 32 district as such owners of record are listed in the proposed service plan; and the governing body of any municipality or special district which has levied an ad valorem tax within the next preceding tax year, and which has boundaries within a radius of three (3) miles of the proposed district's boundaries; and

WHEREAS, pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, the Board held a public hearing on the Service Plan for the District on July 6, 2021; and

WHEREAS, based on the evidence, testimony, exhibits, consideration of the master plan for the unincorporated area of the County, study of the proposed service plan for Cloverleaf Metropolitan District, presentation and comments of the El Paso County Planning and Community Development Department and other County representatives, comments of public officials and agencies, and comments from all interested persons, and comments by the El Paso County Planning Commission during the hearing, this Board finds as follows:

1. That the application for the draft service plan for the Special District was properly submitted for consideration by the Planning Commission and Board of County Commissioners.
2. That proper publication and public notice were provided as required by law for the hearings before the Planning Commission and the Board of County Commissioners of El Paso County.
3. That the hearings before the Planning Commission and the Board of County Commissioners of El Paso County were extensive and complete, that all pertinent facts, matters and issues were submitted and that all interested persons were heard at those hearings.
4. That all exhibits were received into evidence.
5. There is sufficient existing and projected need for organized service in the area to be served by the proposed Special District.
6. Existing service in the area to be served by the proposed Special District is inadequate for present and projected needs.
7. The proposed Special District is capable of providing economical and sufficient service to the area within the proposed boundaries.
8. The area to be included in the proposed Special District has or will have the financial ability to discharge the proposed indebtedness on a reasonable basis.
9. Adequate service is not or will not be available to the area through the County, other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis.
10. The facility and service standards of the proposed Special District are compatible with the facility and service standards of each county within which the proposed Special District is to be located and each municipality which is an interested party.
11. The proposal is in substantial compliance with a Master Plan adopted pursuant to C.R.S. §30-28-106.
12. The proposal is in compliance with any duly adopted county, regional or state long-range water quality management plan for the area.

13. The creation of the proposed Special District will be in the best interests of the area proposed to be served.

NOW, THEREFORE, BE IT RESOLVED the El Paso County Board of County Commissioners, Colorado, hereby determines that the requirements of Sections 32-1-207, C.R.S., relating to the modification of a service plan for the Cloverleaf Metropolitan District have been fulfilled in a timely manner;

BE IT FURTHER RESOLVED the Board hereby approves the Service Plan submitted for the Cloverleaf Metropolitan District, for property more particularly described in Exhibit A, which is attached hereto and incorporated by reference;

AND BE IT FURTHER RESOLVED that the following Conditions shall be placed upon this approval:

CONDITIONS OF APPROVAL

1. As stated in the proposed service plan, the maximum combined mill levy shall not exceed 65 mills for any residential property within the Cloverleaf Metropolitan District, with no more than 50 mills devoted to residential debt service, no more than 10 mills devoted to operations and maintenance, all of the foregoing are subject to Assessment Rate Adjustment per the service plan, no more than 5 mills devoted to special purpose, and unless the District receives Board of County Commissioner approval to increase the maximum mill levy.
2. As stated in the attached service plan, the maximum authorized debt for the Cloverleaf Metropolitan District shall be limited to \$8 million until and unless the District receives Board of County Commissioner approval to increase the maximum authorized debt.
3. Approval of the service plan for the Cloverleaf Metropolitan District includes the ability of the District to use eminent domain powers for the acquisition of property to be owned, controlled, or maintained by the District or another public or non-profit entity and is for the material use or benefit of the general public. The District may not use the power of eminent domain without prior approval by the Board of County Commissioners at a publicly noticed hearing after a showing that the use of eminent domain is necessary in order for the District to continue to provide service(s) within the District's

boundaries and that there are no other alternatives that would not result in the need for the use of eminent domain powers.

4. The Cloverleaf Metropolitan District shall provide a disclosure form to future purchasers of property in a manner consistent with the approved Special District Annual Report form. The developer shall provide written notation on each subsequent final plat associated with the development of the annually filed public notice. County staff is authorized to administratively approve updates of the disclosure form to reflect current contact information and calculations.
5. The Cloverleaf Metropolitan District is expressly prohibited from creating separate sub-districts except upon prior notice to the Board of County Commissioners, and subject to the Board of County Commissioners right to declare such creation to be a material modification of the service plan, pursuant to C.R.S. § 32-1-1101(1)(f)(l).
6. As stated in the attached service plan, the Cloverleaf Metropolitan District shall not have the authority to apply for or utilize any Conservation Trust ("Lottery") funds without the express prior consent of the Board of County Commissioners. The District shall have the authority to apply for and receive any other grant funds, including, but not limited to, Great Outdoors Colorado (GOCO) discretionary grants.
7. Approval of this application shall not constitute relinquishment or undermining of the County's authority to require the developer to complete subdivision improvements as required by the Land Development Code and Engineering Criteria Manual and to require subdivision improvement agreements or development agreements and collateral of the developer to guarantee the construction of improvements.
8. Any future proposed development of the subject parcels will require approval of a preliminary plan and final plat(s), and such final plat(s) must be recorded prior to undertaking land disturbing activities, unless approval a pre-development site grading request

is granted by the Board of County Commissioners at the preliminary plan stage or as a separate, stand-alone request.

9. The Cloverleaf Metropolitan District shall not be authorized to issue debt until and unless the underlying zoning for the proposed Cloverleaf development is approved by the Board of County Commissioners.
10. A material change to the land use assumptions identified in the service plan, and associated attachments, or any future material modification to the service plan shall require an amendment(s) to the service plan.

NOTATIONS

1. Approval of this service plan shall in no way be construed to infer a requirement or obligation of the Board of County Commissioners to approve any future land use requests within the boundaries of the Districts.
2. Any expansions, extensions, or construction of new facilities by the Cloverleaf Metropolitan District will require prior review by the Planning and Community Development Department to determine if such actions are subject to the requirements of Appendix B of the Land Development Code, Guidelines and Regulations for Areas and Activities of State Interest (a.k.a. "1041 Regulations).

AND BE IT FURTHER RESOLVED, the record and recommendations of the El Paso County Planning Commission be adopted, except as modified herein.

AND BE IT FURTHER RESOLVED that a certified copy of this Resolution shall be filed in the records of the County and submitted to the petitioners for the purpose of filing in the District Court of El Paso County.

AND BE IT FURTHER RESOLVED that all resolutions or parts thereof, in conflict with the provisions hereof, are hereby repealed.

DONE THIS 6th day of July, 2021, at Colorado Springs, Colorado.

I. EXECUTIVE SUMMARY

The following is a summary of general information regarding the proposed District provided for the convenience of the reviewers of this Service Plan. Please note that the following information is subject in all respects to the more complete descriptions contained elsewhere in this Service Plan.

Proposed District:	Cloverleaf Metropolitan District (the “District”)
Property Owner(s):	PT Cloverleaf, LLC
Developer(s):	PT Cloverleaf, LLC
Description of Development:	<p>The site (Parcel Nos. 7123102047, 7123102048, 7123102050, 7123103007, 7124202236, 7124202239 and 7124202240) consists of 38.78 acres located near the northeast corner of Jackson Creek Parkway and Higby Road in northern El Paso County, bounded by existing residential developments on three sides. The northern/northeast boundary of the site abuts existing open space. The site is currently vacant and undeveloped. The proposed Cloverleaf Subdivision to be constructed on the site is estimated to contain 144 single family residential units, with 141 of those single-family residential units located on 37.27 acres (Parcel Nos. 7123103007, 7124202236, 7124202239, and 7124202240) within the District’s boundaries. The remaining 1.51 acres are comprised of three isolated ½ acre lots that are not within the District’s boundaries. The Cloverleaf Subdivision will be split into two distinct areas: Lots 1 – 141 will be an urban subdivision proposed for RS-5000 zoning within the District; Lots 142, 143, and 144 will be suburban lots consistent with the existing RS-20000 zoning and not located within the District. These three isolated lots do not benefit from the proposed District Services because public roads and utilities already exist in the vicinity of these lots, and stormwater management will be provided by sand filters.</p>
Proposed Improvements to be Financed	<p>Total estimated improvement costs of \$8,440,768 (in 2021 dollars), of which it is estimated that \$5,855,658 (in 2021 dollars) are district-eligible public improvement costs, which include, but are not limited to, street improvements, safety protection, on and off-site drainage facilities, park and recreation facilities, on and off-site water improvements, and a sanitary sewer system. Specifically, the anticipated public improvements consist of relocation of existing non-potable</p>

(irrigation) water main, storm water quality and detention ponds with associated storm sewer, public street improvements including grading, base course, curb & gutter and asphalt pavement, an interior non-dedicated street, open space and public trails. Amenities include streetlights, entrance monument and associated landscaping, landscaping of open space, landscaping of the detention ponds and perimeter fencing.

Proposed Ongoing Services:

The District will be responsible for ongoing operations and maintenance of District-owned, operated, and maintained drainage facilities, park and recreation facilities and one interior non-dedicated street (Walters Point), which ongoing costs will be funded through the District's O & M Mill Levy and/or Special Purpose Mill Levy. Ongoing water, sanitary sewer, and fire protection services will be provided by other service providers once the necessary improvements are constructed and dedicated to such service providers. It is anticipated that Woodmoor Water and Sanitation District No. 1 will provide water and sanitary sewer services.

Infrastructure
Capital Costs:

Total estimated improvements costs of \$8,440,768 (in 2021 dollars), of which it is estimated that \$5,855,658 (in 2021 dollars) are district-eligible public improvement costs. The foregoing cost estimates are preliminary in nature and the ultimate costs may increase or decrease depending on numerous factors, many of which are out of the Developer's control, such as increased construction costs and inflation.

Maximum Debt Authorization:

\$8,000,000. This amount is larger than the estimated cost of the Public Improvements to allow for inflation, contingencies, and unanticipated changes from the date of approval of this Service Plan.

Proposed Debt Mill Levy:

50 Mills, subject to Assessment Rate Adjustment, on all residential property.

Proposed O & M Mill Levy:

10 Mills, subject to Assessment Rate Adjustment

Proposed Special Purpose
Mill Levy:

5 Mills, subject to Assessment Rate Adjustment, for covenant enforcement and design review and/or maintenance of common facilities in the absence of a Homeowners

Association.

Proposed Maximum Mill Levies: 65 Mills, subject to Assessment Rate Adjustment.

Proposed Fees: None proposed at this time, but the District retains the ability to assess fees in the future.

II. DEFINITIONS

The following terms are specifically defined for use in this Service Plan. For specific definitions of terms not listed below please also refer to the El Paso County Special District Policies, the El Paso County Land Development Code and Colorado Revised Statutes, as may be applicable.

Additional Inclusion Areas: means the property described in Section 3 that is anticipated for future inclusion into the boundaries of the District.

Annual Report and Disclosure Statement: means the statement of the same name required to be filed annually with the Board of County Commissioners pursuant to Resolution 06-472 as may be amended.

Assessment Rate Adjustment: means, if after approval of this Service Plan, the laws of the State change with respect to the assessment of property for taxation purposes, the method of calculating assessed valuation or any other similar changes occur, an allowed adjustment to the Maximum Debt Service Mill Levy, Maximum Operational Mill Levy, or Maximum Special Mill Levy to be determined by the Board in good faith so that to the extent possible, the actual tax revenues generated by the Maximum Debt Service Mill Levy, Maximum Operational Mill Levy or Maximum Special Mill Levy, are neither diminished nor enhanced as a result of such changes.

Board: means the board of directors of the District.

Board of County Commissioners: means the Board of County Commissioners of El Paso County.

Conventional Representative District: means a Title 32 special district, which is structured to allow all residents and property owners to participate in elections for the Board of Directors, as otherwise allowed by statute.

County: means El Paso County, Colorado

Debt: means bonds or other obligations for the payment of which the District has promised to impose an *ad valorem* property tax mill levy without such promise being subject to annual appropriation.

Developer Funding Agreement: means an agreement of any kind executed between a special district and a Developer as this term is specifically defined below, including but

not limited to advance funding agreements, reimbursement agreements or loans to the special district from a Developer, where such an agreement creates an obligation of any kind which may require the special district to re-pay the Developer. The term “Developer” means any person or entity (including but not limited to corporations, venture partners, proprietorships, estates and trusts) that owns or has a contract to purchase undeveloped taxable real property greater than or equal to ten percent (10%) of all real property located within the boundaries of the special district. The term “Developer Funding Agreement” shall not extend to any such obligation listed above if such obligation has been converted to Debt issued by the special district to evidence the obligation to repay such Developer Funding Agreement, including the purchase of such Debt by a Developer.

District: means the Cloverleaf Metropolitan District.

External Financial Advisor: means a consultant that: (i) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (ii) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer’s Municipal Market Place; and (iii) is not an officer or employee of the District and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Financing District: means Cloverleaf Metropolitan District.

Initial District Boundaries: means the initial boundaries of the District as described in Section III.I depicted on the map in Exhibit A.2 and as legally described in the legal description found at Exhibit A.2.

Local Public Improvements: means facilities and other improvements which are or will be dedicated to the County or another governmental or quasi-governmental entity for substantially public use, but which do not qualify under the definition of Regional Public Improvements. Examples would include local streets and appurtenant facilities, water and sewer lines which serve individual properties and drainage facilities that do not qualify as reimbursable under adopted drainage basin planning studies.

Material Modification: has the meaning described in Section 32-1-207, C.R.S., as it may be amended from time to time, which, among other things, outlines what constitutes a material modification and the procedure for making a modification to a service plan.

Maximum Combined Mill Levy: means the maximum combined ad valorem mill levy the District may certify against any property within the District for any purposes.

Maximum Debt Authorization: means the maximum principal amount of Debt that the District may have outstanding at any time, which under this Service Plan is \$8,000,000.

Maximum Debt Service Mill Levy: means the maximum ad valorem mill levy the District may certify against any property within the District for the purpose of servicing any Debt incurred by or on behalf of the District.

Maximum Operational Mill Levy: means the maximum ad valorem mill levy the District may certify against any property within the District for the purposes providing revenues for ongoing operation, maintenance, administration or any other allowable services and activities other than the servicing of Debt. This Maximum Operational Mill Levy is exclusive of any Maximum Special Mill Levy which might be separately authorized.

Maximum Special Purpose Mill Levy: means the maximum ad valorem mill levy which is allowed in addition to the allowable Maximum Debt Service Mill Levy and the Maximum Operational Mill Levy for covenant enforcement and design review and/or maintenance of common facilities in the absence of a Homeowners Association.

Planning and Community Development Department: means the department of the County formally charged with administering the development regulations of the County.

Public Improvements: means those improvements constituting Regional Public Improvements and Local Public Improvements collectively.

Regional Public Improvements: means facilities and other improvements which are or will be dedicated to the County or another governmental or quasi-governmental entity for substantially public use, and which serve the needs of the region.

Revenue Obligations: means bonds or other obligations not subject to annual appropriation that are payable from a pledge of revenues other than *ad valorem* property taxes.

Service Plan: means this Service Plan for the District.

Special District Act: means Section 32-1-101, *et seq.*, of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

Underlying Land Use Approvals: means Board of County Commissioners approval of the applicable land use plans that form the basis for the need for the District and its proposed financing plan and/or services. Such approvals may be in the form of one or a combination of Sketch Plans, Generalized Planned Unit Development (PUD) Development Plans, site-specific PUD plans, or subdivision plans.

III. INTRODUCTION

A. Overall Purpose and Intent.

The District will be created pursuant to the Special District Act, and is being organized as a single Conventional Representative District as defined under El Paso County policies. The District is an independent unit of local government, separate and distinct from the County, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the County only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District, in its discretion, will provide a part or all of various Public Improvements necessary and appropriate for the development of a project within the unincorporated County to be known as “Cloverleaf Subdivision” (the “Project”). The Public Improvements will be constructed for the use and benefit of all anticipated inhabitants, property owners and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements. Additional major purposes will include ongoing operations and maintenance of drainage, park and recreation facilities and street improvements such as the open space, storm water quality and detention ponds, one interior non-dedicated street and trails within the District.

B. Need For The District.

The District’s formation is part of the overall Project planned for residential development and requires rezoning of the existing open space which was previously intended for a golf course. The overall need for creation of this District is that there are currently no other governmental entities located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the proposed development within the District. Formation of the District is therefore necessary in order for the Public Improvements required for the proposed development within the District to be provided in the most economic manner possible. The District will be able to construct the Public Improvements and produce the required revenue to fund the Public Improvements and any associated ongoing operations and maintenance costs for those Public Improvements not dedicated to another governmental entity.

It would not be in the best interests of those existing metropolitan districts in the vicinity of the District to provide or fund the Public Improvements needed to serve the District. The existing metropolitan districts have already been formed by different developers in connection with specific subdivisions or development. The respective service plans of these existing metropolitan districts may further prohibit or limit the ability of these existing metropolitan district to undertake the funding of the public improvements within the District. It also could adversely affect the current residents and property owners within those metropolitan districts who do not wish to fund public improvements from which they will not receive any services or benefit. The District is located within Woodmoor Water and Sanitation District No. 1, which is willing to supply water and sanitary sewer service to the District following the installation construction, and dedication of the necessary Public Improvements. However, Woodmoor Water

and Sanitation District No. 1 is unable to provide for or fund the cost of the Public Improvements for this new development to connect to its system and this creates the need for the District.

C. County Objectives In Forming The District.

The County recognizes this District as an independent quasi-municipal entity which is duly authorized for the purposes and functions identified in the Service Plan. Future County involvement in the affairs of the District will generally be limited to functions as required by the Colorado Revised Statutes, reporting and disclosure functions, determinations as to compliance with the limits as set forth in this Service Plan or any conditions attached to its approval, as well as additional activities or relationships as may be stipulated in any intergovernmental agreements which may be entered in to between the District and the County in the future.

In approving this Service Plan the objectives of the County include an intent to allow the applicant(s) reasonable access to public tax-exempt financing for reasonable costs associated with the generally identified Public Improvements and to allow the applicant(s) the ability to prudently obligate future property owners for a reasonable share of the repayment costs of the Public Improvements which will benefit the properties within this District.

It is the additional objective of the County to allow for this District to provide for the identified ongoing services which either cannot or will not be provided by the County and/ or other districts. The interior non-dedicated public street will not be maintained by the County.

In approving this District as a Conventional Representative District, it is also an objective of the County to maximize opportunities for full representative participation on the part of future eligible electors. However, because many of the critical financing decisions will be made prior to the existence of resident electors, it is the further intent of the County to accommodate and allow for reasonable and constructive ongoing notice to future property owners of the probable financial impacts associated with owning property within the District.

D. Specific Purposes -Facilities and Services.

The District is authorized to provide the following facilities and services, both within and without the boundaries of the District as may be necessary:

1. Water. Woodmoor Water and Sanitation District No. 1 shall be the exclusive water provider within the District. Except as specifically limited by the provisions contained in this Section 1, the District shall have the power and authority to provide for the design, acquisition, installation, construction, and financing of a complete potable water and non-potable irrigation water system, including but not limited to, transmission and distribution systems for domestic and other public or private purposes, together with all necessary and proper equipment and appurtenances incident thereto which may include, but shall not be limited to, transmission lines, distribution mains and laterals, land and easements, together with extensions of and improvements to said systems. The District shall not acquire or own any water rights, nor shall the District design, acquire, install, construct, finance, operate or maintain any water well or water treatment or storage works or facilities. The District shall have the power and authority to contract with other private or

governmental entities to provide any or all of the services the District is authorized or empowered to provide. The District shall dedicate any necessary or required improvements to governmental entities that provide service (“Provider Jurisdiction”) in accordance with the Provider Jurisdiction’s rules and regulations. The District shall receive water service from the Woodmoor Water and Sanitation District No. 1. As such, the District’s authority to plan for, design, acquire, construct, install, relocate, redevelop, or finance water transmission lines, distribution mains and laterals and related improvements installed as part of any water system shall be subject to the rules and regulations of the Woodmoor Water and Sanitation District No. 1 and the District will not have the power to and shall not provide services which overlap with the service provided by the Woodmoor Water and Sanitation District No. 1. The District will fund and construct the necessary water improvements consisting of approximately 5,660 lf of 6” PVC pipe to connect to the existing water system located in Walters Point, at the boundary in Cloverleaf Road, Leggins Road and north of Alsike Clover Court in Bowstring Drive. The District will then convey such improvements to the Woodmoor Water and Sanitation District No. 1 for ownership, operations, and maintenance as the service provider.

The District does not intend to join the Pikes Peak Regional Water Authority following formation as Woodmoor Water and Sanitation District No. 1 will provide water services to the property within the District’s boundaries and Woodmoor Water and Sanitation District No. 1 is currently a member of Pikes Peak Regional Water Authority.

2. Sanitation. Woodmoor Water and Sanitation District No. 1 shall be the exclusive water provider within the District. Except as specifically limited by the provisions contained in this Section 2, the District shall have the power and authority to provide for the design, acquisition, installation, construction, and financing of a sanitary sewer system, including but not limited to, lines, collection facilities, wastewater lift stations, force mains and wetwell storage facilities, and all necessary or proper equipment and appurtenances incident thereto, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities or systems. The District shall not design, acquire, install, construct, finance, operate or maintain any sewer treatment or disposal works or facilities. The District shall have the power and authority to contract with other private or governmental entities to provide any or all of the services the District is authorized or empowered to provide. The District shall dedicate any necessary or required improvements to governmental entities that provide service (“Provider Jurisdiction”) in accordance with the Provider Jurisdiction’s rules and regulations. The District shall receive sanitary sewer service from the Woodmoor Water and Sanitation District No. 1. As such, the District’s authority to plan for, design, acquire, construct, install, relocate, redevelop, or finance sanitary sewer lines, lift station(s) and related improvements installed as part of any sanitary sewer system shall be subject to the rules and regulations of the Woodmoor Water and Sanitation District No. 1 and the District will not have the power to and shall not provide services which overlap with the service provided by the Woodmoor Water and Sanitation District No. 1. The District will fund and construct the necessary sanitary sewer improvements consisting of approximately 5,480 lf of 8” PVC pipe to connect to the existing sewer system at the District’s boundary in Cloverleaf Road, Leggins Way and an existing easement discharging from the north cul de sac on Alsike Clover Court. The District shall then convey such improvements to the Woodmoor Water and Sanitation District No. 1 for ownership, operations, and maintenance as the service provider.

3. Street Improvements, Transportation and Safety Protection. The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of street and roadway improvements, including but not limited to curbs, gutters, culverts, storm sewers and other drainage facilities, detention ponds, retaining walls and appurtenances, as well as sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, undergrounding of public utilities, snow removal equipment, or tunnels and other street improvements, together with all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities. It is anticipated that most of the foregoing street improvements, except underground utilities and one interior non-dedicated street (Walters Point), will be dedicated by the District to the County upon completion and, following acceptance by the County, the County will own, operate, and maintain such street improvements. The District anticipates constructing approximately 5,850 linear feet or 1.11 miles of public urban local roadway and sidewalks in accordance with County standards.

The design, acquisition, installation, construction, financing, operation, and maintenance of traffic and safety protection facilities and services through traffic and safety controls and devices on arterial streets and highways, as well as other facilities and improvements including but not limited to, signalization at intersections, traffic signs, area identification signs, directional assistance, and driver information signs, together with all necessary, incidental, and appurtenant facilities, land easements, together with extensions of and improvements to said facilities.

The design, acquisition, installation, construction, financing, operation, and maintenance of public transportation system improvements, including, but not limited to, transportation equipment, park and ride facilities and parking lots, parking structures, roofs, covers, and facilities, including structures for repair, operations and maintenance of such facilities, together with all necessary, incidental, and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said public improvements.

4. Drainage. The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of flood and surface drainage facilities, including but not limited to, channels, culverts, dams, retaining walls, access ways inlets, detention ponds and paving, roadside swales and curb and gutter, flood and surface drainage disposal works and facilities, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities or systems. It is anticipated that the drainage improvements will consist of storm sewer facilities and detention ponds designed to meet County Drainage Criteria. Following completion and acceptance of those drainage improvements by the District, said drainage improvements will be owned, operated, and maintained by the District.

5. Parks and Recreation. The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of public park and recreation facilities or programs including, but not limited to, grading, soil preparation, sprinkler systems, playgrounds, playfields, bike and hiking trails, pedestrian trails, pedestrian bridges, picnic areas, swimming pools, basketball courts, fitness centers, resident clubhouse facilities, volleyball courts, common area landscaping and weed control, outdoor lighting

of all types, community events, and other facilities, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities or systems. It is anticipated that the District the park and recreation facilities will be owned, operated, and maintained by the District.

The District shall not have the authority to apply for or utilize any Conservation Trust (“Lottery”) funds without the express prior consent of the Board of County Commissioners. The District shall have the authority to apply for and receive any other grant funds, including, but not limited to, Great Outdoors Colorado (GOCO) discretionary grants. Such approval, although required, is not considered to be a major modification which would require the need to revise this Service Plan.

6. Mosquito Control. The District shall have the power and authority to provide for the eradication and control of mosquitoes, including but not limited to elimination or treatment of breeding grounds and purchase, lease, contracting or other use of equipment or supplies for mosquito control.

7. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, or maintain fire protection facilities or services, except fire hydrants, unless such facilities and services are provided pursuant to an Intergovernmental Agreement with the Tri Lakes Monument Fire Protection District. The authority to plan for, design, acquire, construct, install, relocate, redevelop, or finance fire hydrants and related improvements installed as part of any water system shall not be limited by this provision.

8. Television Relay and Translation. The District shall have the power and authority to provide for the design, acquisition, construction, completion, installation, financing, and/or operation and maintenance of television relay and translator facilities, including but not limited to cable television and related communication facilities, satellite television facilities, Internet and other telecommunication facilities, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities.

9. Covenant Enforcement and Design Review. The District shall have the power and authority to provide covenant enforcement and design review services within the District if the District and the governing body of a master association or similar body contract for such services, or if the declaration, rules and regulations, or any similar document containing the covenants to be enforced for the area within the District name the District as the enforcement or design review entity. The District shall have the power to provide covenant enforcement and design review services only if revenues used to provide such services are derived from the area in which the service is furnished. It is currently anticipated that the existing homeowner’s association, Woodmoor Improvement Association, will provide covenant enforcement and design review services within the District. In the event that the Woodmoor Improvement Association does not provide covenant enforcement and design review services within the District, or in the case where the Cloverleaf Subdivision covenants are more restrictive, the District may provide such services.

10. Security Services. The District shall have the power and authority to furnish

security services for any area within the District's Boundaries. Prior to furnishing any security services, the District shall provide written notification to, consult with, and obtain the prior written consent of the County Sheriff and any applicable master association or similar body having authority in its charter or declaration to furnish security services within the District's Boundaries. It is anticipated that police protection will be provided by the County Sheriff, which will be supplemented by Woodmoor Improvement Association Public Safety Service.

11. Solid Waste Disposal. The District shall have the power and authority to provide for the design, acquisition, construction, completion, installation, financing, and/or operation and maintenance of solid waste disposal facilities, including, but not limited to, the collection and transportation of solid waste, for any area within the District's boundaries by contracting with a third-party service provider, or providing such solid waste disposal services itself. If the County is providing solid waste disposal services, the District shall obtain the prior written consent of the Board of County Commissioners prior to furnishing any solid waste disposal services within the District.

E. Other Powers.

1. Amendments. The District shall have the power to amend this Service Plan as needed, subject to appropriate statutory procedures as set forth in Section 32-1-207, C.R.S.

2. Authority to Modify Implementation of Financing Plan and Public Infrastructure. Without amending this Service Plan, the District may defer, forego, reschedule or restructure the financing and construction of certain improvements and facilities, to better accommodate the pace of growth, resources availability, and potential inclusions of property within the District.

F. Other Statutory Powers.

The District may exercise such powers as are expressly or impliedly granted by Colorado law, if not otherwise limited by the Service Plan or its conditions of approval.

G. Eminent Domain.

The District may exercise the power of eminent domain or dominant eminent domain only as necessary to further the clear public purposes of the District.

The power of eminent domain and/or dominant eminent domain shall be limited to the acquisition of property that the District intends to own, control or maintain by the District or other governmental entity and is for the material use or benefit of the general public. The term "material use or benefit for the general public" shall not include the acquisition of property for the furtherance of an economic development plan, nor shall it include as a purpose an intent to convey such property or to make such property available to a private entity for economic development purposes. The phrase "furtherance of an economic development plan" does not include condemnation of property to facilitate public infrastructure that is necessary for the development of the Project.

The District must seek prior approval by the Board of County Commissioners at an advertised public hearing before the District can exercise the power of eminent domain as set forth above.

H. Intergovernmental Agreements (IGAs).

The District is authorized to enter into IGAs to the extent permissible by law. As of the date of approval of this Service Plan no IGAs are anticipated. The Developer PT Cloverleaf, LLC has entered into a Supplemental Water Usage and Service Agreement with Woodmoor Water and Sanitation District No. 1.

I. Description Of Proposed Boundaries And Service Area.

1. Initial District Boundaries. A vicinity map showing the general location of the District is included as Exhibit A.1. A map of the initially included properties is included at Exhibit A.2, with a legal description of its boundaries are found at Exhibit A.2.

2. Additional Inclusion Areas. Additional inclusion areas are not anticipated in addition to the initially included properties. The District shall be authorized to include territory in accordance with applicable provisions of the Special District Act.

3. Extraterritorial Service Areas. The District does not anticipate providing services to areas outside of the Initial District Boundaries and Additional Inclusion Areas.

4. Analysis Of Alternatives. There are 14 existing metropolitan districts within a three-mile radius of the Project as reflected on the list of neighboring taxing and service providing entities in Section VII.B below. However, those metropolitan districts in the vicinity of the District are not immediately adjacent to the District. Those existing metropolitan districts have already been constructed by different developers in connection with specific developments. It may not be in the financial interests of the residents and property owners within these existing metropolitan districts to undertake the funding of the public improvements within the District based on their respective service plan limitations. It further could adversely affect the current residents and property owners within those metropolitan districts who do not wish to fund public improvements from which they will not receive any services or benefit. The District is located with the Woodmoor Water and Sanitation District No. 1, which is willing to supply water and sanitary sewer service to the District following the installation, construction, and dedication of the necessary Public Improvements. However, Woodmoor Water and Sanitation District No. 1 will not provide for or fund the cost of the Public Improvements for this new development to connect to its system and this creates the need for the District. The establishment of the District will generate the majority of the tax revenue sufficient to pay the costs of the Public Improvements and create several benefits for the inhabitants of the development and the County. In general, those benefits are: (a) administration of the design, acquisition, installation, construction, financing, operations, and/or maintenance of Public Improvements, and delivery of those public improvements in a timely manner; (b) maintenance of a reasonable tax burden on all residents of the District through proper management of the financing and operation of Public Improvements; and (c) assurance that Public Improvements required by the

County are designed, acquired, installed, constructed, financed, operated, and/or maintained in a timely and cost effective manner by which to protect residents, bondholders, and the County from the risk of development.

5. Material Modifications/Service Plan Amendment. Material modifications of this Service Plan shall, at a minimum, trigger the need for prior approval of the Board of County Commissioners at an advertised public hearing and may require a need for a complete re-submittal of an amended Service Plan along with a hearing before the County's planning commission. For the purpose of this Service Plan the following changes shall be considered material modifications:

a. Any change in the basic services provided by the District, including the addition of any types of services not authorized by this Service Plan.

b. Any other matter which is now, or may in the future, be described as a material modification by the Special District Act.

c. Imposition of a mill levy in excess of any of the Maximum Mill Levies as authorized in this approved Service Plan.

d. Issuance of Debt in excess of the Maximum Debt Authorization authorized in this Service Plan

e. Issuance of any Debt with a maturity period of greater than thirty (30) years, from the date of issuance of such Debt.

f. Creation of any sub-districts as contemplated in the Special District Act.

g. Inclusion into the District of any property over five (5) miles from the combined area of the Initial District Boundaries unless explicitly contemplated in this Service Plan.

IV. DEVELOPMENT ANALYSIS

A. Existing Developed Conditions.

The property located within the Project is currently undeveloped.

B. Total Development At Project Buildout.

At complete Project build-out of a total of 144 lots, development within the District is planned to consist of 141 single family residential units, as 3 lots within the Project will not be located within the District. The prices of homes in the Project are expected to average between \$600,000 and \$700,000 in year 2021 dollars. The total estimated population of the District upon completion of development is 353 (based on the assumption that approximately 2.5 residents will

occupy each home; $2.5 \times 141 = 352.5$).

C. Development Phasing And Absorption.

Absorption of the Project is projected to take 3.06 years, beginning in 2022 (year) and ending in 2025 (year) and is further described in the Development Summary Table found at Exhibit B.

D. Status of Underlying Land Use Approvals.

The 37.27-acres that will comprise the District is an undeveloped parcel that forms part of Tract B of the Woodmoor Placer subdivision, originally platted in 1972. The other 3 isolated lots that will not be located within the District's boundaries are part of the Woodmoor Greens Subdivision, which was also platted in 1972. The property that formed part of the Woodmoor Placer and Woodmoor Greens subdivisions was originally intended to be a golf course. This use did not come to fruition and the areas remain vacant.

The property that will be located within the District's boundaries is currently zoned RS-20000 (Residential Suburban District), and the Developer has requested to rezone this property to RS-5000 (Residential Suburban District) to accommodate lots of a minimum of 5,000 square feet.

In June of 2020, the rezoning and preliminary plan application was originally submitted to El Paso County. Revised submittals were made in September, 2020; December, 2020 and in January 2021. Final Plat and construction documents will be submitted in 2021.

Plans have also been submitted to Woodmoor Improvement Association as required per the existing CCRs.

It is requested that the service plan approval process proceed in conjunction with the land use and zoning approval process.

V. INFRASTRUCTURE SUMMARY

Attached as Exhibit C is summary of the estimated costs of Public Improvements which are anticipated to be required within this District and have been reviewed by civil engineers. A general description of the categories of Public Improvements is included in Section III.D of this Service Plan. The total costs of the Public Improvements, which, as defined is inclusive of Local Public Improvements and Regional Public Improvements which are or will be dedicated to the County or another governmental (including the District) or quasi-governmental entity for substantially public use, are estimated to be approximately \$8,440,768 (in 2021 dollars). It is estimated that the District will finance approximately \$5,855,658 (or 69%) of this estimated amount as district-eligible public improvement costs, but the amount ultimately financed by the District will be

subject to the Maximum Authorized Debt limit of \$8,000,000.

All Public Improvements will be designed and constructed in accordance with the standards of the governmental entity to which such Public Improvements will be dedicated (including, with respect to storm sewer and drainage facilities, the applicable NPDES standards), and otherwise in accordance with applicable El Paso County standards. One interior street (Walters Point) is not being built to County Standards and will not be dedicated to the County for operations and maintenance; the District will operate and maintain Walters Point. The composition of specific Public Improvements, including, but not limited to, street improvements, safety protection, on and off-site drainage facilities, park and recreation facilities, and water and sanitary sewer improvements, will be determined in connection with applicable future land use and development approvals required by El Paso County rules and regulations.

VI. FINANCIAL PLAN SUMMARY

A. Financial Plan Assumptions and Debt Capacity Model.

Attached at Exhibit D is a summary of development assumptions, projected assessed valuation, description of revenue sources (including applicable mill levies and fees) and expenses for both operations and debt service, and an overall debt capacity model associated with projected future development of the portion of the Project located within the District. The model demonstrates that the District is capable of providing sufficient and economic service within the Project, and that the District has or will have the financial ability to discharge the District's Debt on a reasonable basis. The financial model attached as Exhibit D is an example of the manner in which the District may finance the Public Improvements. The specific structure for financing the Public Improvements shall be determined in the discretion of the Board of Directors of the District, subject to the limitations set forth in this Service Plan.

B. Maximum Authorized Debt.

The District is authorized to issue Debt up to \$8,000,000 in principal amount for the proposed completion of on and off-site Public Improvements including, but not limited to, street improvements, safety protection, on and off-site drainage facilities, park and recreation facilities, on and off site water improvements, and sanitary sewer improvements. This amount is larger than the estimated cost of the Public Improvements to allow for inflation, contingencies, and unanticipated changes from the date of approval of this Service Plan. The cost estimates are preliminary in nature and the ultimate costs may increase or decrease depending on numerous factors, many of which are out of Developer's control.

C. Maximum Mill Levies.

1. Maximum Debt Service Mill Levy. The Maximum Debt Service Mill Levy shall be fifty (50) mills, subject to Assessment Rate Adjustment. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

2. Maximum Operational Mill Levy. The Maximum Operational Mill Levy shall be ten (10) mills, subject to Assessment Rate Adjustment.

3. Maximum Special Purpose Mill Levy Cap. The Maximum Special Purpose Mill Levy is five (5) Mills, subject to Assessment Rate Adjustment. This Maximum Special Purpose Mill Levy is needed to fund covenant enforcement and design review in the absence of a homeowner's association, as the revenue derived from the Maximum Operational Mill Levy will fund the District's ongoing operations and maintenance of District-owned, operated, and maintained drainage facilities, park and recreation facilities and one interior non-dedicated street (Walters Point) and further fund the District's general administrative costs.

4. Maximum Combined Mill Levy. The Maximum Combined Mill Levy is sixty-five (65) Mills, subject to Assessment Rate Adjustment.

Increases to or removal of any of the Maximum Mill Levies shall be subject to Board of County Commissioner approval without the need for a formal Service Plan Amendment (unless the Board otherwise requires).

D. Maximum Maturity Period For Debt.

The period of maturity for issuance of any Debt (but not including Developer Funding Agreements) shall be limited to no more than thirty (30) years without express, prior approval of the Board of County Commissioners. Such approval, although required, is not considered to be a Material Modification of the Service Plan which would trigger the need to amend said Service Plan. However, the District is specifically authorized to refund or restructure existing Debt so long as the period of maturity for the refunding or restructured Debt is no greater than thirty (30) years from the date of the issuance thereof.

E. Developer Funding Agreements.

The Developer intends to enter into Developer Funding Agreements with the District in addition to recovery of the eligible costs associated with creation of this District. These Developer Funding Agreement may cover organizational costs, the costs of capital improvements and funding for operations and maintenance. It is anticipated that in the formative years the District will have shortfalls in funding its capital costs and monthly operations and maintenance expenses. The Developer may fund these obligations for the District to promote the Project's development subject to the Developer being repaid from future District revenues.

Developer Funding Agreements may allow for the earning of simple interest thereon, but under no circumstances shall any such agreement permit the compounding of interest. The Developer Funding Agreements may permit an interest rate that does not exceed the prime interest rate plus two points thereon.

The maximum term for repayment of a Developer Funding Agreement shall be twenty (20) years from the date the District becomes obligated to repay the Developer Funding Agreement under the associated contractual obligation. For the purpose of this provision,

Developer Funding Agreements are considered repaid once the obligations are fully paid in cash or when converted to bonded indebtedness of the District (including privately placed bonds). Any extension of such term is considered a Material Modification and must be approved by the Board of County Commissioners.

Required disclosure notices shall clearly identify the potential for the District to enter into obligations associated with Developer Funding Agreements.

F. Privately Placed Debt Limitation.

Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows: We are [I am] an External Financial Advisor within the meaning of the District’s Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

G. Revenue Obligations. The District shall also be permitted to issue Revenue Obligations in such amount as the District may determine. Amounts issued as Revenue Obligations are not subject to the Maximum Debt Authorization.

VII. OVERLAPPING TAXING ENTITIES, NEIGHBORING JURISDICTIONS

A. Overlapping Taxing Entities.

The directly overlapping taxing entities and their respective year 2020 mill levies are as follows:

El Paso County	7.755
El Paso County Road and Bridge	0.330
Lewis Palmer School District No. 38	41.000
Pikes Peak Library District	3.855
Tri-Lakes Monument Fire Protection District	18.400
Woodmoor Water and Sanitation District No. 1	0.000

Total Existing Mill Levy: **71.340**

The total mill levy including the initially proposed District mill levy is 136.340 mills. If the District seeks inclusion of the property within the District into El Paso County PID #3, the total mill levy including the initially proposed mill levy and the El Paso County PID #3 mill

levy is 146.340 mills for 2020.

The property within the District will receive water and sanitation service from the Woodmoor Water and Sanitation District No. 1; the District does not currently anticipate the need for an intergovernmental agreement with Woodmoor Water and Sanitation District No. 1 because the Developer is cooperatively working with Woodmoor Water and Sanitation District No. 1 regarding the provision of water and sanitation services and the public improvements attendant thereto. The Developer has entered into a Supplemental Water Usage and Service Agreement with Woodmoor Water and Sanitation District No. 1 regarding the provision of water and sanitation services to the District following construction of the necessary Public Improvements.

The Property within the District will receive fire protection services from Tri-Lakes Monument Fire Protection District; the District does not currently anticipate the need for an intergovernmental agreement with Tri-Lakes Monument Fire Protection District.

It is not anticipated that there will be any significant financial impacts to these overlapping entities as these overlapping entities will collect tax revenue from the imposition of mill levies upon property located within the District.

B. Neighboring Jurisdictions.

The following additional taxing and or service providing entities include territory within three (3) miles of the Initial District Boundaries (based upon information provided by the County Assessor's Office):

TOWN OF PALMER LAKE
TOWN OF MONUMENT
ACADEMY SCHOOL NO 20
DONALD WESCOTT FIRE PROTECTION

The Developer anticipates seeking inclusion of the property within the District into El Paso County PID #3. There are no additional relationships anticipated with any of the foregoing entities at this time and it is not anticipated that the District will impact to these neighboring entities.

VIII. DISSOLUTION

A. Dissolution. Upon an independent determination of the Board of County Commissioners that the purposes for which the District was created have been accomplished, the District agrees to file a petition in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

B. Administrative Dissolution. The District shall be subject to administrative dissolution by the Division of Local Government as set forth in Section 32-1-710, C.R.S.

IX. COMPLIANCE

A. An Annual Report and Disclosure Form will be required and submitted as described in C.R.S. 32-1-207(3)(d) and as further articulated by Board of County Commissioners Resolution No. 07-273.

B. Material Modifications of this Service Plan shall be subject to the provisions contained in Section 32-1-207, C.R.S., relating to approvals and notices thereof.

X. MISCELLANEOUS

The following is additional information to further explain the functions of the District:

A. Special District Act.

The contemplated municipal services are under the jurisdiction of the Special District Act and not the Public Utilities Commission.

B. Disclosure to Prospective Purchasers.

After formation of the District, and in conjunction with final platting of any properties within the proposed District, the applicable Board of Directors of the District shall prepare a notice acceptable to the Planning and Community Development Department Staff informing all purchasers of property within the District of the District's existence, purpose and debt, taxing, and other revenue-raising powers and limitations. Such notice obligation shall be deemed satisfied by recording the notice with this Service Plan and each final plat associated with the Project, or by such other means as the Planning and Community Development Department approves. Such notice shall be modified to address the potential for future Debt issuance which may be required to meet the obligations associated with loans incurred by the District. In conjunction with subsequent plat recordings, Planning and Community Development Department staff is authorized to administratively approve updates of the disclosure form to reflect current information.

C. Local Improvements.

Prior to the financing of Local Public Improvements, and if required by County policy uniformly applied, agreements shall be in place to prevent a loss of sales tax revenue from sales of construction materials which would otherwise accrue to the County.

D. Service Plan not a Contract.

The grant of authority contained in this Service Plan does not constitute the agreement or binding commitment of the District enforceable by third parties to undertake the activities described, or to undertake such activities exactly as described.

E. Land Use and Development Approvals.

Approval of this Service Plan does not imply approval of the development of a specific area within the Project, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto. All such land use and development approvals shall be processed and obtained in accordance with applicable El Paso County rules, regulations and policies.

XI. CONCLUSION

It is submitted that this Service Plan for the District establishes that:

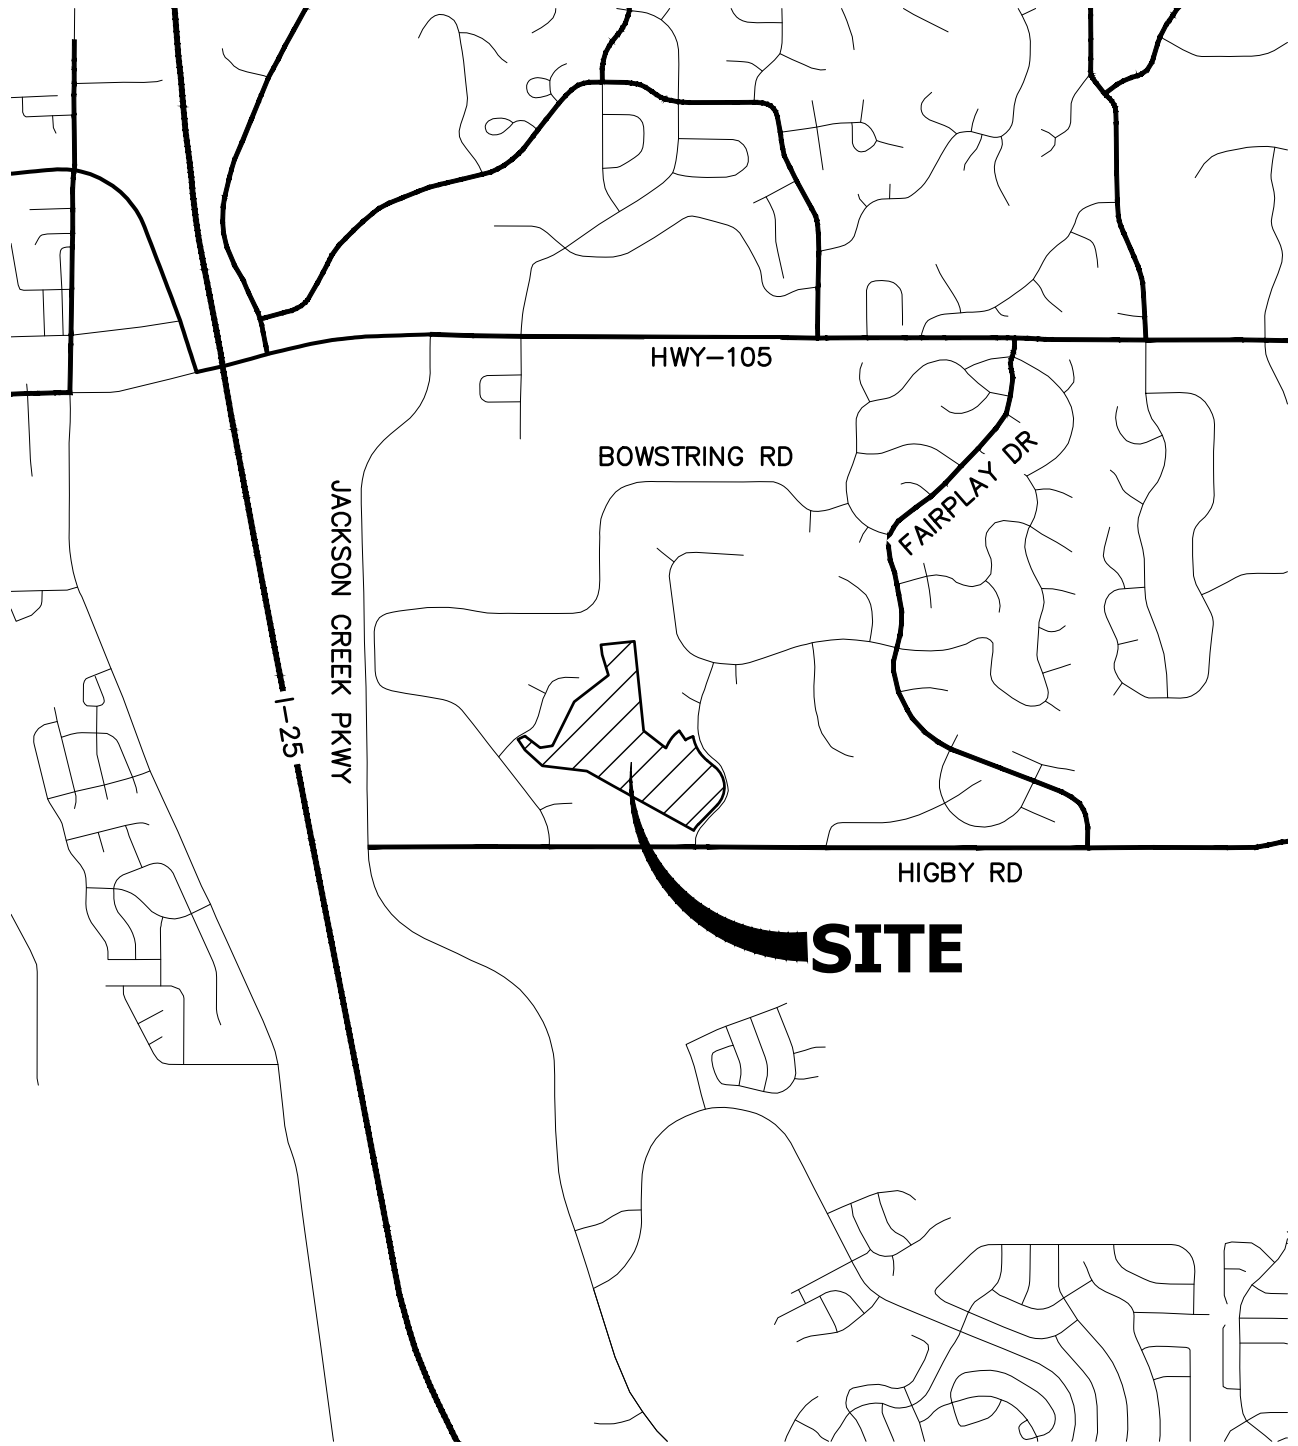

- A. There is sufficient existing and projected need for organized service in the area to be serviced by the proposed District;
- B. The existing service in the area to be served by the proposed District is inadequate for present and projected needs;
- C. The proposed District is capable of providing economical and sufficient service to the Project;
- D. The area to be included in the proposed District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;
- E. Adequate service is not, and will not be, available to the area through the County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis;
- F. The facility and service standards of the proposed District are compatible with the facility and service standards of the County;
- G. The proposal is in substantial compliance with the County master plan.
- H. The creation of the proposed District is in the best interests of the area proposed to be served.

DEVELOPMENT SUMMARY

ProTerra Properties, LLC

1864 Woodmoor Dr. Suite 100
Monument, CO 80132

EXHIBIT B
CLOVERLEAF SUBDIVISION FILING NO. 2
DEVELOPMENT SUMMARY
March 2021

The proposed Cloverleaf Subdivision (the “Project”) consists of 144 single family residential homes on approximately 38.78 acres in the northwest portion of El Paso County, Colorado, with 141 of those single-family residential units located on 37.27 acres within the boundaries of the proposed Cloverleaf Metropolitan District (“District”). The Project is located north of Higby Road and east of Jackson Creek Parkway near Lewis Palmer High School. The main entrance to the neighborhood is from existing Cloverleaf Road. Secondary access will be from Bowstring Drive and Leggins Way. Minor access is provided from an existing non-dedicated road, Walter’s Point.

The Project consists of El Paso County Parcel #'s 7123103007, 7124202236, 7124202239, 7124202240, 7123102047, 7123102048, and 7123102050. The 37.27-acres that will comprise the District was previously platted as Tract B of Woodmoor Placer subdivision, and the other three isolated lots that will not be within the District were previously platted as a portion of Tract F of Woodmoor Greens. All 37.27 acres comprising the District are owned by PT Cloverleaf, LLC, see Exhibit A.2.

The property is currently undeveloped. The parcel is grasslands with rolling hills and no trees. The terrain slopes from east to west. The Project is bound by open space on the northeast and east, by half-acre residential development on the northwest and by townhomes on the southwest and south. Social trails cross the property where a golf course was previously planned.

Significant stormwater runoff traverses the existing property. Offsite runoff enters the property from Cloverleaf Road and Caribou Drive to the east and sheet flows through existing lots on Leggins Way and discharges to adequate facilities on the school site at Leggins Way and Bowstring Road. The proposed development includes five (5) stormwater management facilities to intercept offsite runoff, provide full spectrum detention, stormwater quality BMPs, and safely routing 100-year flows at below historic rates via reinforced concrete pipe to existing facilities at Bowstring Road.

The proposed development includes residential lots, public roads with utilities, one interior non dedicated street, open space with trails and stormwater ponds. The typical lot size is 50 feet wide and 120 feet deep with 5-foot side yard and 25-foot front and rear yard setbacks, see the attached Exhibit B-1. There are three (3) isolated lots shown on the attached Preliminary Plan (see Exhibit A.3) which are not included in the District. These three isolated lots do not benefit from the proposed District’s proposed services since public roads and utilities already exist in the vicinity of these lots, and stormwater management will be provided by separate sand filters BMPs.

Existing zoning is RS-20,000 to facilitate half acre development, typical in the Woodmoor neighborhood. An application to rezone the project to RS-5,000 with 5,000 square feet minimum lot size has been submitted to El Paso County. RS-5,000 is an effective transition between existing townhomes to the south

and larger homes to the north.

Home values will range from \$600,000 to \$700,000 with \$650,000 being average in 2021 dollars. Using an occupancy of 2.5 persons per home, the anticipated population of the District will be 353 neighbors. Absorption is estimated at 4 units per month (47 lots per year) which equates to 3 years for these 141 lots within the District to be sold. Approvals will be obtained in 2021, development will occur in 2021 and 2022, and sales will begin in January 2022. This northern Colorado Springs area neighborhood is experiencing rapid growth.

The District is being formed to provide for the following facilities and services: street improvements and safety protection; drainage facilities; park and recreation facilities, mosquito control; fire protection; television relay and translation facilities; covenant enforcement; security services; solid waste disposal; water improvements; and sanitary sewer improvements, subject to the limitations of the Service Plan.

Roadways are an urban cross-section to include curb & gutter, sidewalk and typically asphalt pavement. Exhibit B-2 shows the extent of the three public roads and one non-dedicated road being proposed. It is anticipated the non-dedicated road will be maintained by the District.

Exhibit B-3 shows the extent of approximately 5,480 lf of sanitary sewer collection system and 5,660 lf of water distribution system necessary to serve the development. The length of watermain includes extending 535 lf of offsite to provide redundancy with a looped system.

Stormwater management continues to be an area of great focus. There are five (5) stormwater ponds shown on Exhibit B-4, that will provide varying levels of full spectrum detention and water quality best management practices. Gravel maintenance roads will multi-task as public walking paths.

Exhibit B-5 shows the extent of on-site open space. Several tracts provide a dual purpose as storm water management ponds. Other tracts provide walkway connections. The path in Tract H includes exercise stations and the path in Tract K includes benches.

The Rezoning request and Preliminary Plan application have been submitted to El Paso County with approval anticipated in first half of 2021. Subdivision Plat and Construction Documents for the entire property will be submitted upon Preliminary Plan approval and will be approved by end the of 2021. An Early Grading permit will allow development construction to begin in mid-2021 and conclude by mid-2022.

EXHIBIT D

FINANCIAL PLAN SUMMARY

Bond Assumptions

1. The debt service mill levy target is 50 mills beginning in tax collection year 2023. The operations levy is shown as 10 mills starting in tax collection year 2023. The special purpose mill levy is shown as 5 mills starting in tax collection year 2023.
2. The District is modeled to issue senior bonds in December 2021; senior bonds with a par of \$6,240,000 and an interest rate of 4.75%. At issuance, it is projected that the District will fund \$374,800 in costs of issuance, \$889,200 in capitalized interest, and \$554,000 in Reserve Funds from bond proceeds. The Underwriter's discount is modeled as 2% of par for senior bonds. The remaining \$4,422,000 is projected to be deposited to the District's project fund to reimburse the Developer for eligible expenses.
 - a. The Surplus Fund is sized to a maximum of \$624,000, which constitutes 10% of the 2023 senior bonds par amount.
 - b. Specific Ownership Tax revenues have been calculated based on applying a factor of 6% to annual property tax revenues.
 - c. It is projected that 98.5% of property taxes levied will be collected and available to the District.
 - d. It is projected that there will be a 6% biennial inflation rate on assessments. The bonding capacity could be higher if the rate of assessment inflation is greater, or conversely lower if the inflation rate is below 6%.
 - e. Total senior bond par amount is sized to 120x coverage

Refinance Assumptions

1. The District is modeled to issue refunding bonds in December 2026; senior bonds with a par of \$7,775,000, funds on hand of \$531,000 and an interest rate of 4.0% for the senior bonds. At issuance, it is projected that the District will fund \$6,427,200 to refund the Series 2021 bonds and \$238,875 in costs of issuance. The Underwriter's discount is modeled as 0.50% of par for investment grade rated senior bonds. The remaining \$1,639,925 is projected to be deposited to the District's project fund to additional infrastructure expenses in the project.
 - a. The Surplus Fund is sized to a maximum of \$777,500, which constitutes 10% of the 2026 senior bonds par amount.
 - b. Specific Ownership Tax revenues have been calculated based on applying a factor of 6% to annual property tax revenues.
 - c. It is projected that 98.5% of property taxes levied will be collected and available to the District.
 - d. It is projected that there will be a 6% biennial inflation rate on assessments. The bonding capacity could be higher if the rate of assessment inflation is greater, or conversely lower if the inflation rate is below 6%.
 - e. It is projected that the senior bonds will include an investment grade rating

- f. Total senior bond par amount is sized to 120x coverage

Estimate of Revenue Projections for first 10 years

The debt service mill levy collection revenues over the first 10 years total \$2,887,967 plus an additional \$173,276 in specific ownership taxes associated with the debt levy for a total of \$3,061,243.

The operations mill levy collection revenues total \$577,594 plus an additional \$34,655 in specific ownership taxes associated with the Operations levy for a total of \$612,249. The covenant enforcement mill levy collection revenues total \$288,799 plus an additional \$17,329 in specific ownership taxes associated with the Covenant Enforcement levy for a total of \$306,128.

Based upon the development assumptions provided and the financial assumptions contained in the attached projected Financing Plan for the proposed Cloverleaf Metropolitan District, the projected revenue is sufficient to retire all Debt referenced in the Financing Plan within the restrictions set forth in the District's Service Plan, including but not limited to the maximum debt mill levies and maximum maturity period.

Risks Associated with the Bond Financing

Risks to Tax Payers:

- Development is slower than anticipated
- Biennial inflation on assessed values is less than 6%
- District imposes Maximum Debt Mill Levy as described in the Service Plan

The primary risk to tax payers is that the Districts issue bonds to finance infrastructure and then the absorption of additional property, or its valuation by the Assessor, lags modeled expectations. If that occurs, then the Districts may need to levy the Maximum Debt Mill Levy as described in the Service Plan and would not be able to reduce the levy for a longer period of time.

Risks to Bondholders:

- Development is slower than anticipated
- Biennial inflation on assessed values is less than 6%
- Assurance of the continuation of development is not assured
- Reliance on Federal Tax Code and State laws governing municipal finance and special districts

The primary risk to bondholders is the development does not occur as fast as originally projected and that the revenues generated from the Maximum Debt Mill Levy as described in the Service Plan are not sufficient to meet the Districts' financial obligations. These risks are mitigated by funding a capitalized interest and surplus fund at closing. In addition, these bonds are anticipated to be marketed only to sophisticated investors who understand the risks involved in the transaction.

The assumptions disclosed in the Financial Plan are those of the Developer and have not been independently reviewed by D.A. Davidson. Those assumptions identified are believed to be the significant factors in determining financial feasibility; however, they are likely not to be all-inclusive. There will usually be differences between forecasted and actual results, because events and circumstances frequently do not occur as projected, and those differences may be material. Key assumptions, including those relating to market values of real property improvements and the build out schedule of such property, are particularly sensitive in terms of the timing necessary to create the tax base for the District. A small variation in these variables, and to their timing, can have a large effect on the forecasted results. There is a high probability that the forecasted results will differ from realized future tax base factors and such variations can be material. Additionally, other key assumptions relating

to inflation, assessment ratios, interest rates, and infrastructure, administrative, and operating costs may, and likely will, vary from those projected.

Because D.A. Davidson has not independently evaluated or reviewed the assumptions that the financial model is based upon, we do not vouch for the achievability (and disclaim any opinion) of the information provided. Furthermore, because of the inherent nature of future events, which are subject to change and variation as events and circumstances change, the actual results may vary materially from the results presented here. D.A. Davidson has no responsibility or obligation to update this information or this financial model for events occurring after the date of this report.
